

POWERFUL · COMPACT · LIGHTWEIGHT · AFFORDABLE

OD-C15 | Ceiling Mount Speaker

Features

- Suitable for educational facilities, meetings and board rooms, courtrooms, auditoriums, lecture halls, paging and music systems, convention centers, restaurants, retail facilities.
- Higher power, enhanced quality 100V internal transformers minimize insertion loss and maintain low frequency response while providing increased output for higher SPL applications.
- Coaxial speaker produce excellent sound.
- Line voltage : 100V.
- Easy install with screw.
- With fabric PP cone.

Technical Specification

- Rated Power : 2.5/5/10W
- Line Voltage : 100V
- Sensitivity : 93dB
- Distortion : <3%
- Freq. Response : 110Hz-13KHz
- Hole Cutting Size : Diameter 200mm
- Baffle Size : Diameter 230mm
- Installation : Ceiling
- Enclosure material : ABS
- Weight : 1.38Kg
