

POWERFUL · COMPACT · LIGHTWEIGHT · AFFORDABLE

OD-WC115 | Wireless Conference System

Features

- The new and advanced wireless conference system includes 4 microphones in one set. And 3 sets can be used together without interference, but should require before purchase.
- Mic Head
- Switch
- Low voltage indicating lamp

Technical Specification

- | | | |
|--------------------------------|---|--------------------------------------|
| • Power Supply | : | Transmitter DC9V receiver AC220V50Hz |
| • Microphone power consumption | : | 20mA |
| • Carrier frequency | : | VHF200-270 Mhz |
| • Frequency Stability | : | +/-0.002% |
| • Signal-to-noise ratio | : | >98dB |
| • Neighbour disturbance ratio | : | >80dB |
| • Dynamic range | : | >90dB |
| • Harmonic distortion | : | <5% |
| • Type | : | Condenser |
| • Polar pattern | : | Uni-directional |
| • Frequency response | : | 60Hz-16000Hz |
| • Microphones sensitivity | : | -47 +/--3dB@1KHz |
| • Receiving sensitivity | : | 50us (SINAD=20dB) |
| • Audio frequency output | : | Single 0 +/- 400mV, mixed 0 +/-300mV |
| • Temperature confine | : | -10 to 55 |
